

Dear Ishav Manav,

Developer internship at "undefined" as advertised on Internshala. As a student at DTU with a strong background in the MERN stack and experience in AI/Web3 technologies, I am writing to express my interest in the Laravel-PHP technologies. I am excited about the opportunity to contribute my skills to your team. I have previously worked on innovative projects such as the YouTube Feed Detoxifier and Solana Wallet Adapter, showcasing my ability to build impactful solutions. Additionally, my experience as a contributor to Bmsamay.com has honed my collaborative and problem-solving skills. I am eager to leverage my expertise and enthusiasm for web development in a remote setting. Thank you for considering my application.

Warm regards,
