Dear Ishav Manav,

Development internship at Internshala. As a student at DTU, specializing in the MERN stack with AI/Web3, I am excited about the opportunity to apply my skills I am writing to express my interest in the ReactJS on innovative projects such as to real-world projects. I have experience working on innovative projects such as YouTube Feed Detoxifier and Solana Wallet Adapter, showcasing my commitment to cutting-edge development. Furthermore, my contribution to Bmsamay.com demonstrates my ability to collaborate effectively in a team. I am enthusiastic about the chance to further develop my skills in a remote internship setting and contribute to your team. Thank you for considering my application.

regards,
